Request for Waiver

In accordance with Sections 54.719 through 54.721 of the Commission's Rules, the Town of Greenwich, through its consultant, requests a Federal Communications Commission waiver of the deadline for submission of the Funding Year 2016 FCC Form 471 application. Consistent with precedent in the Order for the Academy of Math and Science, we ask the Commission to waive the FCC Form 471 filing deadline for this application.¹

The consortium application here under appeal was filed on August 8, 2016, within two weeks of the filing deadline for consortia. The Town of Greenwich attempted to file timely on July 21, 2016. E-Rate Central staff member, Kimberly Martin, was on the phone with the Town of Greenwich account administrator, Eileen Ingalls, walking her through the certification process using the new E-rate Productivity Center portal. Ms. Ingalls followed the steps to certify by selecting "Certify" and "Yes" on the last screen of the 471 after entering the appropriate information in the numerical field, dropdowns and checkboxes. The system did not generate any errors and Ms. Ingalls indicated to Ms. Martin that she successfully certified the form. Unfortunately, we never received the RAL and came to the startling realization that the form was not successfully certified. We respectfully request that the 471 window filing deadline be waived and the application be moved back "in window" for PIA review. Thank you in advance for your time and consideration.
